Best Practice-I

Overall Health Development and Empowering of Girls Students

Title: Overall Health Development and Empowering of Girls students

Objectives:

1. To help the students to aware the health which is the most important resource of human life.
2. To conduct awareness programmes to motivate the girls students towards a healthy life style and physical fitness.
3. To check health problems of girl students related to blood.
4. To conduct awareness programmes on Blood group, Hemoglobin, Periods Initiative, Menstrual Health and Hygiene, Polycystic ovary syndrome(PCOS), HIV aids and thalssemia .
5. To conduct free testing programmes on Blood Group, Hemoglobin, Blood Sugar, Blood Pressure and Thalassemia.
6. To create awareness on women's rights.

The Context:

Half of world population is women. Woman's health is considered as a significant indicator in any developed country. Health is an important parameter of an individual's physical, mental, emotional, and social well-being; therefore, women should grow strong and healthy. Many girls students of the college come from rural area (villages) where government health centers are rare and in private health centre, doctor consultation costs is not affordable to all girls students. In Indian society health issues of girls are considered to be secondary in many families. In this backdrop a medical consultation has been organised free of cost for the girls students in the college premises. Apart from this awareness programmes on Blood group, Hemoglobin and PCOS are also conducted.

We know that inequality and women harassment is the social stigma; the women empowerment cell has taken keen interest to protect the rights of girl students by organizing distinctive programmes. In this context the women empowerment cell has designed several programmes to educate the Girl students of the college & in adopted village. Sexual harassment and other forms of sexual violence in public spaces, both in urban and rural settings, are an everyday occurrence for women and girls in every part around the country. Women cannot enjoy security and protection in life if they are not empowered. Women need to be provided equal opportunities for work to produce a just and progressive society. Empowerment act as a powerful tool against exploitation and harassment faced by women in the society.

The Practice:

The college organizes expert lectures regarding women's health, blood test, adventure trekking camps, yoga and pranayama training, karate training workshops for girls, social cause and personality development.

This practice includes haemoglobin & blood group check-up of girl students followed by remedial measures. Estimation of haemoglobin and blood group of all girls' of First year UG/PG admitted in the college is done every year. The detail history of each student regarding menstrual problems & other health problems is taken. Follow-up is taken of those girls whose haemoglobin level was found to be below normal range. For improvement, problems are solved by counselling. Healthy eating habits are imbibed in students.

Awareness against ill effects of junk food is also created.

Various awareness camps on issues such as women rights, women safety, awareness and protection of girls human rights, women empowerment, female foeticide, s are organised and depicted through posters ,rallies, skits etc. to a can help the girls to deal with the social threats and how to overcome them.

Evidence of Success:

The college girls got inspired by various health awareness and empowerment programs of the college. This practice has succeeded in developing awareness about anaemia and its related illnesses. The blood group of every girl student has been identified. It has helped to identify Rh-ve girls. Such girls are high risk future mothers so parent counselling is done to avoid complications during pregnancy and delivery. The girl's health has shown significant improvement in the form of increased participation in sports and trekking.

Problems Encountered and Resources Needed:

Anemia, malnutrition, low blood pressure, gynaecological problems are quite common among students. Many a time they feel shy to consult the doctor on their own even if the facility is well within their reach. There was initial hesitation on the part of the girls to participate in such activities.

Most of the girl students studying in the college have poor, rural and uneducated family background. Hence, initially, efforts have to be taken to create awareness about anaemia, Rh-ve factor of blood group. The college management has made haemoglobin check-up, blood group determination in free of cost.

The biggest problem in creating and sustaining this practice has been the shortage of requisite fund. The practice requires the support from pathological laboratories, the government health center and NGO's.. The other problem is getting proper resource persons.

बुधवार दि. ०८ मार्च, २०२३ रोजी सावित्रीबाई फुले पुणे विद्यापीठ राष्ट्रीय सेवा योजना विभाग व के. के. वाघ कला, वाणिज्य, विज्ञान व संगणक विज्ञान महाविद्यालय, चांदोरी ता. निफाड जि. नाशिक यांच्या संयुक्त विद्यमाने शै. वर्ष २०२२-२०२३ मध्ये राष्ट्रीय सेवा योजनेअंतर्गत जागतिक महिला दिन उत्साहात साजरा करण्यात आला. यावेळी महाविद्यालयाचे प्राचार्य डॉ. रामहरी दातीर, प्रमुख व्याख्याते प्रा. योगेश आहेर, उपप्राचार्य प्रा. प्रवीण आहेर, कार्यक्रम अधिकारी प्रा. राहुल पोटे, सर्व विभाग प्रमुख व स्वयंसेवक मोठ्या संख्येने उपस्थित होते.

या कार्यक्रमप्रसंगी प्रमुख व्याख्याते प्रा. योगेश आहेर यांनी बोलतांना त्यांनी प्राचीन काळातील कर्तृत्ववान महिलांचा उल्लेख केला. तसेच पार्वती, लक्ष्मी, सरस्वती या आदिशक्ती, वैभवदात्री, बौद्धिकक्षमता देणाऱ्या देवता असून त्यांची उपासना आज होत आहे. प्राचीन काळातील कर्तृत्ववान महिलांचा इतिहास बघता त्या स्वतः सक्षम असून त्यांनी समाज सक्षम केला. हाच वारसा आजच्या महिलांनी चालविला पाहिजे. स्वतः चा अंधकार दूर करण्यासाठी स्वतः दिवा जालं पाहिजे आणि स्वत्वाची जाणीव करून घेतली पाहिजे, याबद्दल त्यांनी मार्गदर्शन केले. तसेच ज्याप्रमाणे महिलांच्या कामगिरीवरून त्यांचा सत्कार व सन्मान होत आहे त्याचप्रमाणे महिलांची सुरक्षितता देखील महत्वाची आहे. तसेच जिजामाता आणि ताराराणी, सावित्रीबाई फुले यांची उदाहरणे देऊन त्यांनी प्रत्येक स्त्रीमध्ये स्त्रीत्वाची जागृती करणे आणि स्त्रियांना सन्मान देणे अपेक्षित आहे असे सांगितले आणि याची सुरुवात स्वतःच्या घरातील स्त्रियांना सन्मान देऊन केली पाहिजे असेही ते बोलले.

अध्यक्षीय भाषणात महाविद्यालयाचे प्राचार्य डॉ. आर. के. दातीर म्हणाले आजचा दिवस महिलांसाठी सन्मानाचा व अभिमानाचा दिवस आहे. प्रत्येक क्षेत्रात स्त्रियांनी आपले कर्तृत्व सिद्ध केले आहे. आज स्त्री आपली प्रत्येक भूमिका यशस्वीरीत्या पार पाडत आहे. परंतु आजच्या पुरुषप्रधान संस्कृतीत राजकीय आरक्षण नको तर मानसिक आरक्षण जाल पाहिजे, असा आग्रह त्यांनी धरला.

Expert Lecture: Dr. Vinayak Govilkar

Sub: Dictatorship of Dollar

Economics Forum was inaugurated in K.K. Wagh College of Arts, Commerce, Science and Computer Science on Thursday 27/04/2023 by the Department of Economics. At that time Eminent Economist Dr. Vinayak Govilkar an expert lecture was organized by on the topic of 'Dollar Chi Dadagiri'.

In this lecture, Dr. Vinayak Govilkar Speaking to, only the British pound existed in the world during the pre-independence era, but the British defeated in the Great War and the economic situation deteriorated, and the British pound ceased to exist. Offered. And the bully of the dollar as a superpower began. Throughout the world in the year 1929, the wave of recession was spread. In 1931 AD, England stopped the gold currency. Again, World War II was also added to this later. All these three events had adverse effects on the economy, monetary policy and international trade of various countries. Many countries have introduced their own different monetary policies. This hampered the entire international trade. The economy of many countries collapsed. Considering all these circumstances, Lord J. M. Keynes presented a plan for establishing international harmony. July AD at Brettonwood in America to consider this plan. A conference was convened in 1944. Representatives of 44 countries attended this conference. In the said conference, a unanimous decision was taken to establish the International Monetary Fund and the International Bank for Reconstruction and Development (World Bank). Accordingly, the International Monetary Fund was established on December 27, AD. It was held on 1945 and the actual work started on March 1, AD. Started on 1947. France was the first country to borrow from the International Monetary Fund. Due to the increasing circulation of the US dollar and the dollar gaining the trust of other countries during the economic recession, the dollar's dominance in the world increased. In the following period, due to

the agreement with the Arab countries and the price of petroleum fixed in dollars, the dollar's weight increased further. In this way in-depth information was given to the students.
